## ***MISSION STATEMENT***

We, the parish family of Our Lady of Hope, commit ourselves to continue the mission of Jesus Christ, to proclaim His Gospel, and to love one another as He loves us. We are a welcoming community of faith, guided by the Holy Spirit and centered on God's Word and the Eucharist. Through the Sacraments, prayer, and the stewardship of our God-given gifts, we provide opportunities to grow closer to God and to serve members of the community.

## Our Lady of Hope This Week

### THE LORD IS OUR SHEPHERD, GUIDING AND PROTECTING US, AND PROVIDING FOR ALL THINGS

From the time of Creation the Lord has watched over us and guided us, judging our needs and our care for one another. When no one could shepherd us back to himself, He sent His Son to reconcile us to Himself and free us from the bonds of sin. He sees who and where we are and knows what we need, providing for all things.

### LITURGY OF THE WORD

Jeremiah proclaims that the Lord sees the misdeeds of the shepherd who shepherd his people and will punish them. He will appoint shepherds who will shepherd His people so they *no longer fear and tremble*. Saint Paul writes that through the sacrifice of Christ, we have become close to God. In the Gospel, the Apostles and Jesus go off to rest and are followed by a vast crowd. Moved by their lack of a shepherd to guide them, Jesus teaches them many things.

## **OUR LADY OF HOPE ROBOTICS TEAM**

Our Lady of Hope has developed a robotics youth program that is scheduled to begin Sunday, September 15th from 12:30PM – 2:30PM. This program will challenge students to design, construct, re-engineer, program, and test robots to compete with other MS/HS students in the Southern NY Vex Robotics Program. Working in groups, students will develop engineering manuals to keep detailed information on the design, construction, programming, and changes in the development of their robot.

Each Vex robot will have 4-5 students working to compete in the Vex Robotics Competition tasks. Vex Robotics is a STEM program and the world's fastest growing robotics competition for MS/HS students. Our Lady of Hope's program will reinforce students' abilities to problem solve and learn through the development and troubleshooting process.

Each session will be taught by a NYS Certified Technology Education teacher with the assistance of mentors and programmers, who all donate their time and talents to promote STEM hands on project based learning. Parental assistance is appreciated to assist students with their learning activities as well as supervision.

There is a \$75 fee associated with the program. The remainder of the cost to support the program is covered by Our Lady of Hope and a grant from the Frank J. Antun Foundation. If you would like to make additional donations to defray further costs to Our Lady of Hope, please feel free to do so. If you have any questions you can contact the program organizer, Mr. Donald Schaefer, at (516) 996-2051 or [donald\\_schaefer@hotmail.com](mailto:donald_schaefer@hotmail.com)
