MISSION STATEMENT

We, the parish family of Our Lady of Hope, commit ourselves to continue the mission of Jesus Christ, to proclaim His Gospel, and to love one another as He loves us. We are a welcoming community of faith, guided by the Holy Spirit and centered on God's Word and the Eucharist. Through the Sacraments, prayer, and the stewardship of our God-given gifts, we provide opportunities to grow closer to God and to serve members of the community.

Our Lady of Hope This Week

JESUS TEACHES US TO KEEP OUR FOCUS ON OBEYING GOD’S COMMANDMENTS

Like the Pharisees in today’s Gospel, we can get caught up in our traditions, questioning and arguing with those who do things differently or want to change our ways. Jesus offers a reminder to not lose sight of what is truly important: obeying God’s commandments and keeping our hearts and actions pure.

©2024 FAITH Catholic-Lansing Michigan

LITURGY OF THE WORD

Moses exhorts the Israelites to listen to and observe the commandments of the Lord. The Apostle James calls upon his fellow Christians to humbly receive and practice God’s word. In the Gospel, Jesus accuses the Pharisees of observing human religious traditions yet failing to obey God’s commands. He then teaches the people that it is the thoughts and actions born in the human heart that defile.

There is nothing outside a person that by going in can defile, but the things that come out are what defile.

Forever Rely On God

OUR LADY OF HOPE ROBOTICS TEAM

Our Lady of Hope has developed a robotics youth program that is scheduled to begin Sunday, September 15th from 12:30PM – 2:30PM. This program will challenge students to design, construct, re-engineer, program, and test robots to compete with other MS/HS students in the Southern NY Vex Robotics Program. Working in groups, students will develop engineering manuals to keep detailed information on the design, construction, programming, and changes in the development of their robot.

Each Vex robot will have 4-5 students working to compete in the Vex Robotics Competition tasks. Vex Robotics is a STEM program and the world's fastest growing robotics competition for MS/HS students. Our Lady of Hope's program will reinforce students' abilities to problem solve and learn through the development and troubleshooting process.

Each session will be taught by a NYS Certified Technology Education teacher with the assistance of mentors and programmers, who all donate their time and talents to promote STEM hands on project based learning. Parental assistance is appreciated to assist students with their learning activities as well as supervision.

There is a \$75 fee associated with the program. The remainder of the cost to support the program is covered by Our Lady of Hope and a grant from the Frank J. Antun Foundation. If you would like to make additional donations to defray further costs to Our Lady of Hope, please feel free to do so. If you have any questions you can contact the program organizer, Mr. Donald Schaefer, at (516) 996-2051 or donald_schaefer@hotmail.com
