MISSION STATEMENT

We, the parish family of Our Lady of Hope, commit ourselves to continue the mission of Jesus Christ, to proclaim His Gospel, and to love one another as He loves us. We are a welcoming community of faith, guided by the Holy Spirit and centered on God's Word and the Eucharist. Through the Sacraments, prayer, and the stewardship of our God-given gifts, we provide opportunities to grow closer to God and to serve members of the community.

Our Lady of Hope This Week

GOD’S LOVING PRESENCE IS WITH US ALWAYS

God is with us, intimately close, just as Jesus was to the man in the Gospel today. In the Mass, Jesus reaches out to touch us and offer His healing. May we always be granted an open heart and clear vision to see His loving presence among us.

LITURGY OF THE WORD

In the first reading, the prophet Isaiah speaks for the Lord, saying to the frightened to *be strong and fear not!*. In the Letter from Saint James, we are encouraged to show no partiality because God chose the poor in the world to be heirs of the kingdom. In the Gospel, Jesus heals a deaf man with a speech impediment and all are *exceedingly astonished*.

Those Masses would be at 8:30am and 10:30am. The 4:00pm Saturday Mass would remain unchanged. If you have concerns about this, please call the office or speak with Fr. Kevin after Mass.

Fr. Austin is available to bring the Eucharist to the homebound. If you would like a visit please call the church office.

For Peace

Mary, Queen of Peace, save us all, who have so much trust in you, from wars, hatred and oppression. Make us all learn to live in peace, and educate ourselves for peace, do what is demanded by justice and respect the rights of every person, so that peace may be firmly established. Amen.

Forever Rely On God

OUR LADY OF HOPE ROBOTICS TEAM

Our Lady of Hope has developed a robotics youth program that is scheduled to begin Sunday, September 15th from 12:30PM – 2:30PM. This program will challenge students to design, construct, re-engineer, program, and test robots to compete with other MS/HS students in the Southern NY Vex Robotics Program. Working in groups, students will develop engineering manuals to keep detailed information on the design, construction, programming, and changes in the development of their robot.

Each Vex robot will have 4-5 students working to compete in the Vex Robotics Competition tasks. Vex Robotics is a STEM program and the world's fastest growing robotics competition for MS/HS students. Our Lady of Hope's program will reinforce students' abilities to problem solve and learn through the development and troubleshooting process.

Each session will be taught by a NYS Certified Technology Education teacher with the assistance of mentors and programmers, who all donate their time and talents to promote STEM hands on project based learning. Parental assistance is appreciated to assist students with their learning activities as well as supervision.

There is a \$75 fee associated with the program. The remainder of the cost to support the program is covered by Our Lady of Hope and a grant from the Frank J. Antun Foundation. If you would like to make additional donations to defray further costs to Our Lady of Hope, please feel free to do so. If you have any questions you can contact the program organizer, Mr. Donald Schaefer, at (516) 996-2051 or donald_schaefer@hotmail.com
